HOUSE OF COMMONS
CHAMBRE DES COMMUNES
CANADA

Certificate of Greeting

Presented to

Pneura Technology Inc.

As a member of Parliament of Richmond Centre-Marpole, it is my delight to extend my warmest congratulate to Pneura Tech Inc. on the Canadian launch preview of Flexible Charge.

It is wonderful to see a Vancouver-based, B.C. company bringing innovation home — developing soft robotics technology right here in our community, guided by the vision of "Soft Robotics, Effortless Living". Flexible Charge is a great example of what local innovation can do: making home EV charging smarter, easier, and more accessible for Tesla owners and for families across Canada.

Thank you to the entire Pneura Tech team for your hard work, creativity, and commitment to bringing skilled jobs and clean technology to British Columbia.

I wish you a successful launch and a bright future ahead. Congratulations

Sincerely,

Chak Au
